Policy document of the options claimed by the institution

1. Conduct Continuous Internal Assessment as per Academic Plan.

- Evaluate Students continuously throughout the year.
- The institution has a well programmed internal examination schedule that includes written, practical and clinical examination. Theoretical knowledge is evaluated by the 3 technical exams, class tests, viva, open book test, picture test, MCQ test and seminar presentation. The practical or clinical evaluation is based on the number and quality of work done; viva in clinics, case discussion and assignments.

2. On time assessment and Feedback:

- Evaluate answer sheets and return to the students as early as possible giving them opportunity to clarify their doubts.
- Re-evaluate the papers for any doubt.
- Written answers scripts to the students after a discussion of their performance and mistakes committed.
- Institute remedial measures for any deficiencies.

3. Re test and Makeup assignment:

- Provide Re-tests and assignments for absentees and for students who want to improve their scores.
- Inform portions for the re-test to the students well in advance at least 1 week before the schedule for test so that the students are given sufficient duration for the preparation for re-tests.
- Discusses marks of re-tests with students.

4. Remedial Teaching and support:

- Provide Extra opportunity and encouragement to students who have missed their regular schedule of classes and those who are slow performers.
- Organize remedial classes and cycle tests for the slow performers and assess them.
- Help Slow Performers in a way to complete their schedule of work in their own capacity and encourage succeeding in their academics by providing extra time.
