ACTIVITY REPORT – FIELD VISIT – BDS

Department of Oral Pathology

THE OXFORD DENTAL COLLEGE

DEPARTMENT OF ORAL PATHOLOGY AND MICROBIOLOGY

ACTIVITY REPORT – Field Visit

Title: Laboratory and Research center at the Department of Biotechnology

Objective:

- To make the UG students aware of the laboratory and research equipments at the Department of Biotechnology

Date: 25th May, 2022

Time: 9.30 – 11 am

Location: Department of Biotechnology, The Oxford College of Engineering

Organized by: Department of Oral Pathology and Microbiology

Audience: 3rd BDS students

Incharge: Dr. Shruti S

Method adopted: Visual learning and Verbal Orientation / Demonstration

Description: The Department of Oral Pathology, Oxford Dental College organized a field visit to the Laboratory and Research center at the Department of Biotechnology on 25/5/2022. A total of 10 undergraduate students from Oxford Dental College were demonstrated the laboratory and research equipments at the Department of Biotechnology. They were also guided on the application of these equipments in Research.

During the visit, students actively participated and successfully ended the visit with a positive feedback of all the participants

ACTIVITY REPORT -FIELD VISIT- MDS

Department of Conservative

THE OXFORD DENTAL COLLEGE

Activity Report

Title: Visit to Oxford Medical College

Objective of the visit: The objective of the field visit is to give the students brief insight into the various tests and techniques used in microbiology laboratory.

Date: 17/05/2022

Time: 9.30 am

Venue: The Oxford Medical College and Hospital & Research Centre, Attibele.

Organisers: Department of Microbiology, The Oxford Medical College and Hospital

Participants: First year post graduate students

Staff In charge: Dr. Ashwija

Method adopted: Verbal orientation and demonstration

Description: The Field visit to The Oxford Medical College and Hospital & Research Centre was scheduled on 17/05/2022. The PG students from The Oxford Dental college boarded the bus arranged by the college at 8:30 am and reached The Oxford Medical College and Hospital & Research Centre at 9:30 am. The field visit began by visiting the laboratories of Microbiology department located in the premises of the Hospital campus, where the students were welcomed by the Head of the Department of Microbiology Dr. Rajini. M.

The students were given brief insight into sample collection, processing of samples, different types of tests performed to orientation on RT-PCR technique, blood sample collection.

In Microbiology lab- (i) Bacteriology- culture method, identification tests (biochemical reactions) and sensitivity plates were explained and shown.

(ii) Serology- various ICT (immunochromatographic tests) like HIV, HB₁AG, HCV, MALARIA, DENGUE.

(iii) Mycology- fungal cultures were shown and explained about the culture morphology and pigment produced. Fluorescent stained fungal elements from skin scrapping were shown.

(iv) RT-PCR lab- Unidirectional flow of sample was explained. Donning and doffing area were shown, steps of extraction of RNA, template addition, addition of positive control were explained. Amplification room was shown and Thermofisher Quant studio 5 RT-PCR machine demo was given.

Number of participants: 08

THE OXFORD DENTAL COLLEGE
BOMMANAHALLI, HOSUR ROAD, BANGALORE-560068
DEPARTMENT OF PROSTHODONTICS and CROWN & BRIDGE
FIELD VISIT
2021 – 2022

Title: Visit to Laxmi Dental Laboratory, Bangalore

Date: 18/4/2022

Time: 08:00 am – 06:00 pm

Venue: Laxmi Dental Laboratory, Bangalore

Organized by: Department of Prosthodontics, The Oxford Dental College.

Objective of the visit: To visit and learn the laboratory skills

Staff In charge: Dr. Malathi Dayalan

Speaker: Mr. Javare Gowda

No. of Participants: 07

Method adopted: Lectures and seminars, demonstrations, hands-on

Brief Report: The students of second year MDS, Batch 2021 -2022 had attended a field visit on Laxmi Dental Laboratory, held at 18/4/2022, Bangalore. The team was very informative and explained each and every step involved in the fabrication of the prosthesis. Different techniques were explained such as 3-D printing or additive manufacturing which is a process of making three dimensional solid objects from a digital file. The technology used is the photopolymerisation, a technique that involves the solidification of photo-sensitive resin by means of a UV light. It is used by different 3D printing processes such as: Stereolithography (SLA) which uses a vat of curable photopolymer resin. Another technique used in the lab is the Subtractive manufacturing (or CNC) which is the process of starting with more material that is needed in sheet, rod or block form, and selectively removing material that is not required until the final shape emerges. A milling machine cutting/hollowing out a piece of metal or plastic is an example of subtractive manufacturing. This field visit was very helpful for upgrading clinical scenario for future practice.

THE OXFORD DENTAL COLLEGE

Activity Report

Title: Visit to The Oxford Engineering College, Bommanahalli, Bangalore.

Objective of the visit: To create awareness in students about the 3-D printing Technology.

Date: 19/04/2022

Time: 1pm – 3.30 pm

Venue: Oxford Engineering College, Bommanahalli, Bangalore.

Organized by: Department of Orthodontics and dentofacial orthopedics

Participants: 6 postgraduates

Speaker:

Staff Incharge: Dr Vandana

Brief Report: On 19th April 2022, 1st year postgraduate students of orthodontic department visited Oxford Engineering College, Bommanahalli, Bangalore. This visit was done to learn about the 3-D printing technology, mechanism of action, advantages of 3D printer which replaced traditional impressions without causing discomfort to patients & saving time in orthodontic practice. Model prepared by using 3-D printer was also shown to students.

ACTIVITY REPORT – INDUSTRY VISIT – BDS

Department of Public Health dentistry

Title: Visit to Confident Dental Chair Industry visit

Objective: To gain knowledge about the Manufacturing unit of the Dental chairs

Date: 12-11-2021

Time: 10.00 am to 03.00pm

Location: Bidadi Industrial area, Bangalore

Organized by: Department of Public Health Dentistry

Audience: Undergraduate students

Speaker: Mr. Subhash Chandra shetty

Method adopted: Lecture

Materials used: live demonstrations, lectures

Description:

Field visit team comprised of Fourty Undergraduate students from the Department of Public Health Dentistry. On 12 th Nov 2021 our project team gathered in the Department of Public Health Dentistry at 8 am and we left the college by 8.30 am in a cab. We reached our
