### Ghealth Software Certificate

GHealth Standard software has been developed based on the requirement gathered from Oxford Institute of Dental Sciences. It has been developed by the Gestalt team and all the necessary testing and validation done by gestalt team.

- Process defined to check the functionality of each of the forms in Software. It had fulfilled the entire checkpoint defined in the process.
- The whole process was performed by entering virtual demographic data with all data requests into software.
- Database level validation done for the correctness of data.

Following are the Modules included in the validation & Implemented.

- Software Setup
- Patient Registration
- Outpatient Billing
- Doctor Desk
- Materials Management

**The Oxford Dental College and Hospital**

**Brief description:**

The Oxford Dental College enjoys the rare distinction of being one of the most sought after and best equipped dental colleges in India and Asia. It is housed in a spacious 8-storey integrated complex with a floor space of 2,85,000 sq. ft., which incorporates complete facilities for pre-clinical and clinical training. The college is recognised by the Govt. of Karnataka and the Dental Council of India. The college is affiliated to Rajiv Gandhi University of Health Sciences, Bangalore.

Following the footsteps of our great visionary founder chairman Shri S. Narasa Raju Garu, the Oxford Educational institutions, is committed to quality education and service to humanity.

Our core values are learner centered dental education, patient centered service and community-oriented research. Both the faculty and students have worked together to achieve excellent academic results. Our students are trained to meet both national and global demands. Our holistic approach imparts knowledge, skills, and fosters value systems among learners. The College has been accredited with an "A" Grade by NAAC ( 3.66).

To familiarise students with their work environment and enable development of practical skills, the college is equipped with the most modern infrastructure. This includes first of its kind CAD-CAM lab having CERCON unit (DEGUDENT GERMANY), high-end dental chairs from Germany, state-of-the-art casting equipment, Tek-scan III for occlusal analysis, Computerized periodontal probe and Periotron, specialized microscopes like PENTA HEAD, Phantom heads and other pre-clinical work units.

We firmly believe that affordable quality healthcare should reach all sections of society. Our dental institution with the attached hospitals offers not just education but also super-speciality health services to the community. Therefore, we have been successful in bridging the gap between health care and the society.

The uncertainties of modern times, the advent of globalization, issues pertaining to governmental policies and other related issues has not been a deterrent. It has only made us evolve through innovation and persistence and scale new heights.

Bangalore - 560 068.

Sub:

Extension of clinical training facilities to the students of The Oxford Dental College, Bangalore at St. John's Medical College, Bangalore.

Ref: Your letter No. J.E.S-080-1010-11-10002 dated 11.09.2020

St. John's National Academy of Health Sciences being the management of the St. John's Medical College has considered the request of The Oxford Dental college, for utilizing clinical training to the Dental Students of The Oxford Dental College in the subjects of Medicine, Surgery & Allied Medical Sciences of St. John's Medical College, Bangalore.

Approval is hereby accorded to undertake for extension of clinical training facilities to the Dental Students of The Oxford Dental College in the subjects of Medicine, Surgery & Allied Medical Sciences in St. John's Medical College, Bangalore with immediate effect for a period of 5 years as per syllabus/course curriculum prescribed in the respective student's book and to conduct the clinical course for all the students attended from time to time. To defray the cost of payment of the clinical charges as may be prescribed.

Yours faithfully,

  
Dr. George A. D'Souza, MD, DND  
Dean
