Summary:

We believe in unity in diversity. Not only do our students belong to different religions, languages and cultures but they respect the same. The college is their second home and all students & staff celebrate different festivals with joy and enthusiasm which encourages social and religious harmony. The College always encourages the students to organise and participate in different programmes organised in campus or at various other fora.

Every year it is a customary in our college to celebrate Freshers Day. The main motive of this day is to welcome new students in a friendly atmosphere and to encourage their creative impulses to boost their confidence. It is the day where seniors and juniors bond and unite to celebrate being part of the college.

Be it the annual College Day, Convocation ceremony or National Holidays like Republic Day, Independence Day & Gandhi Jayanti, World cancer Day, Anti-ragging awareness, Sports Day, religious celebrations like Holi, Diwali, Eid, Christmas, Onam etc; Teachers' Day or International Woman's Day; The Oxford Dental College has always been at the forefront of sensitising students to the cultural, regional, linguistic and socioeconomic diversities of the state and the nation. Professional ethics is also imbibed in our students.

The student grievance redressal cell and the Women's grievance redressal cell deal with grievances without considering anyone's racial or cultural background. The Oxford Dental College reaches out to the community for providing better oral health care. Satellite centres have been established to provide patient care in rural areas. Jail camps are organized to provide dental treatment to jail inmates. Buses ply regularly from the college to ferry patients for treatment. School dental camps are also organized for oral screening of the kids so that preventive and interceptive dental treatment can be provided. Tobacco cessation cell has been established for the purpose of spreading awareness and providing necessary treatment and referrals wherever necessary to the needy. All these facilities to the patients are provided irrespective of their caste, creed, colour, sex, or socioeconomic background.

World No Tobacco Day - 31/5/2020

The theme for the year 2020 was “Protecting youth from industry manipulation and preventing them from tobacco and nicotine use”. Webinar and poster competition was conducted by the Department of Public Health Dentistry and E- certificates were sent to all the participants.

Protecting youth from industry manipulation and preventing them from tobacco and nicotine use (Webinar Slide)

Participant at the end of the webinar

World Environment Day – 5/6/2020

The theme for the year 2020 was “Time for Nature”. Webinar was conducted by the Department of Public Health Dentistry in which the undergraduates were briefed regarding the importance of waste disposal and segregation. Students were given an activity of planting saplings in their house premises.

Time for Nature (proper disposal of plastic)

Paper or Plastic? How about neither!

Paper bags require more water to produce, consume more energy during transport, and contribute to deforestation.

Plastic bags are made from non-renewable natural gas and petroleum, are more easily littered, will not biodegrade, and pose a threat to wildlife and ecosystems.

**REUSE
REDUCE
RECYCLE**

An initiative by Dept. of Public Health Dentistry

**Alternatives:
Bring your own bag !**

Cotton bag

Recycled cloth bag

Jute bag

An initiative by Dept. of Public Health Dentistry

Time for Nature (limiting of plastic usage or use of alternative to plastics)
