2016 - 17

List of Completed Projects funded by the Institution

Sl. No	Name of researcher	Title	Duration of Study
1.	Dr. Resvin Moosa	A comparative evaluation of antimicrobial efficacy of terminals chebula and chlotohexadine as a mouthwash against cariogenic microorganisms - an invivo study.	2013-16
2.	Dr. Rini Sharma	A comparative evaluation of the efficacy of different mandibular anesthetic techniques in patients with irreversible pulpitis.	2013-16
3.	Dr. Kamal Odedra	A randomized clinical study to evaluate irrigant penetration and postoperative pain following two different instrumentation techniques-rotary system and reciprocating system.	2013-16
4.	Dr. Omanakuttan K.R.	An in-vivo analysis of pre and post instrumentation variation in root canal working length and canal curvature using two different instrument and techniques.	2013-16
5.	Dr. Dishant Patel	Scanning electronic microscopic evaluation of the influence of manual and mechanical guide path on the surface of nickel-titanium rotary instruments in moderately curved root canals: an in-Vivi study.	2013-16
6.	Dr. Imrana Tasneem	Effect of premedication with accelofenac and ibuprofen on the success of local anesthetic agents in patients with irreversible pulpitis- A double blind randomized clinical trail	2013-16
7.	Dr. Adeeb Hason	A comparative evolution of hydro ryapatite with and without platelet rich plasma in bone regeneration following mandibular third molar extraction	2013-16

8.	Murari Washani	Effective safe method of assessing an accurate landmark for the horizontal cut in sagittal split rans osteolomy coronoid notch vs lingula a tomographic study	2013-16
9.	Dr. Sarat Ravi Kiran	Comparison of the anesthetic success on set of anesthesia and aspiration rate in conventional inferior alveolar vazirani akinosi and gow gates techniques	2013-16
10.	Dr. Dinesh G	Comparison of 3-dimensional airway volume in class I patients, class II and class III skeletal deformities	2013-16
11.	Dr. Mubashree M	Comparison of efficacy of platelet-rich fibrin vs alendronate sodium in mandibular third molar sockets a prospective clinical study	2013-16
12.	Dr. Chintan Savani	Correlation od darkening of impacted mandibular third molar roots or loss of white line on panoramic radiographs with cone beam computed tomographic findings and evaluation of the risk of inferior alveolar	2013-16
13.	Dr. Harshavardh an Bukalsaria	Evaluation of immediate placement of implant 6-8 weeks post extraction - a clinical study	2013-16
14.	Dr. Kim Upadhyay	Assessment of the mandibular and dental arch profiles in subjects withs mandibular third molar impaction	2013-16
15.	Dr. Prathyusha K	Morphometric analysis of the relationship between the maxillary sinus floor A CBCT Study	2013-16
16.	Dr. Thanuja Raju Jacob	Comparison of conventional radiographs and xone beam computed tomography volumetric images in diagnosis and treatment planning of impacted canines	2013-16
17.	Dr. Swobhagya Lakshmi A	Association between psychological distress and occlusion among temporomandibular disorder patients a clinical study	2013-16
18.	Dr. Priya K Nair	Comparative clinical evaluation of the efficacy of allicin mouth rinse with systemic allicin in the management and recurrence of minor recurrent aphthous	2013-16

19.	Dr. Ardra Anuradha	Evaluation of efficacy of systemic and topical alievera in the treatment of oral submucous fibrosis a clinical study	2013-16
20.	Dr. Roopa V	Comparison of solid multicystic ameloblastoma and keratocystic kodontogenic tumour : a nuclear morphometric study	2013-16
21.	Dr. Ambika H S	Comparative evaluation of collagen fibres in ameloblastoma and keratocystic odontogenic tumor- a polarized light microscopic study	2013-16
22.	Dr. Hima Raj	A Quantitative analysis of CD1a positive Langerhans cell in oral squamous cell carcinoma with and without lymph mode metastasis	2013-16
23.	Dr. Arun G	Prevalence of oral mucosal lesions in HIV positive patients up to 18 years receiving HAART and co-relation with CD4 counts	2013-16
24.	Dr. Elampavi E	Correlation of CD1a positive Langerhans cells and transforming growth factor B in oral submucous fibrosis an immunohistochemical study	2013-16
25.	Dr. Sri Lakshmi	Expression of p63 in leukoplakia and oral squamous cell carcinoma -an immunohistochemical study	2013-16
26.	Dr. Sisira K.R.	Analysis of collagen pattern in odontogenic tumors - A study of 60 cases using picrosirius red stain.	2013-16
27.	Dr. Saranya	Assessment of physical properties of foods commonly consumed by Children	2013-16
28.	Dr. Jyothirmai Reguvaran	Age at and reasons for the first dental visit of Children in Bangalore city.	2013-16
29.	Dr. Mudunuri Sindhuja	Estimation of levels if salivary lipids in Children with early childhood caries.	2013-16
30.	Dr. Miama Rani Iswary	Comparative assessment of serum tartrate resistant and phosphatase in periodontal health, chronic and aggressive periodontitis patients before and after non- surgical periodontal therapy.	2013-16

31.	Dr. Priyadarsini S.	Quantitative analysis of serum anticardiolipin (Ig G .Ig m) antibodies levels in health gingivitis chronic and aggressive periodontitis patients before and after phase I periodontal therapy	2013-16
32.	Dr. Vazhakkat Pooja Rajachandran	Comparative evaluation of the effect of non-surgical periodontal therapy on gingival crevicular fluid adrenomedullin levels in chronic periodontitis patients who are smokers and non-smokers a clinicobime chemical study	2013-16
33.	Dr. Shneha Priya	A comparative study to evaluate the efficacy of 1.2% atorvastatin gel in intraosseous alveolar defects with and without platelet rich fibrin clinical study	2013-16
34.	Dr. Neeta joy Arakkal	Correlation of PH gingival crevicular fluid and levels of matrix metalloproteinase gin gingival crevicular fluid in healthy subjects and diabetic patients with chronic periodontitis before and after non-surgical periodontal theory	2013-16
35.	Dr. Guntaas K Sethi	A Split mouth comparative evaluation of biodegradable colleges membrane with and without platelet rich fibrin in the treatment of miller's class I or II Gigniral recession defects	2013-16
36.	Dr. Anil Auiva Mathai	A Comparative evaluation of fracture resistance of overdenture attachment housing secured with different surface treatments an invitro study	2013-16
37.	Dr. Samadnya Jawalekar	Comparative evaluation of effects of cleaning agents on tensile bond strength of zirconia copings luted with a resin cement an in vitro study	
38.	Dr. Koushik Ghose	Effective different border molding materials on complete denture retention using digital force gauge in vitro study	2013-16
39.	Dr. Mohmish Jagtani	An evaluation of prosthetic status and prosthetic need amongst people living in rural Bangalore	2013-16

List of On-going Projects Funded by Institution in 2016 - 17

Sl. No	Name of researcher	Title	Duration of Study	Funding agency
1.	Dr. Arpitamaitra	Evaluation of serum iron and folate levels in patients with oral leucoplakia.	2016- 19	The Oxford Dental College
2.	Dr. Ruchika A. Nerurkar	Intra-oral periapical and limited CBCT imaging in evaluation of teeth requiring re-root canal treatment: a radiological study.	2016- 19	The Oxford Dental College
3.	Dr. Hemcleshalma. G	Comparison of efficacy of aloe vera gel with 5% amlexanox oral paste in the treatment of minor recurrent aphthous stomatitis: a randomized clinical trial.	2016- 19	The Oxford Dental College
4.	Dr. Shrijana Shrestha	Assessment of early prediction of mandibular third molar impaction by panoramic indices: a radiological study.	2016- 19	The Oxford Dental College
5.	Dr. BinikaLaishram	Comparison of curcumin and intralesional steroid injections in the management of oral submucous fibrosis: a clinical study.	2016- 19	The Oxford Dental College
6.	Dr. Kushagra	A comparative evaluation of the micro tensile bond strength of two different bulk fill composite resins- an in vitro study	2016- 19	The Oxford Dental College
7.	Dr. Chritson	Effect of light curing time on streptococcus mutans biofilm adhesion on two different methacrylate based composite resins- an in vitro study	2016- 19	The Oxford Dental College
8.	Dr. Asma	Effect of riboflavin on push out bond strength between fibre post and root dentin using adhesive cement- an in vitro study	2016- 19	The Oxford Dental College

2018 - 19

List of Completed Projects Funded by the Institution in 2018 - 19

SL. No.	Name of Researcher	Title	Duration of Study	Funding Agency
1.	Dr. Arsha donly	Comparison salivary cortisol in postmenopausal women with and without xerostomia; A clinical study	2015-18	Institutional Funding
2.	Dr.Neena V.S	Evaluation of salivary lactate dehydrogenase on leukoplakia and OSMF ;A clinicopathologic and biochemical study	2015-18	Institutional Funding
3.	Dr. Karthik.D.Yadav	Estimation of serum uric acid in patients with potentially malignant disorders and oral squamous cell carcinoma	2015-18	Institutional Funding
4.	Dr. Abhishek R Naik	Ultrasonographic assessment of fibrotic bands, muscle thickness and vascularity in oral submucous fibrosis	2015-18	Institutional Funding
5.	Dr.Swathi P	Assessment of petrogoid plate measurements in internal derangements of TMJ;A CBCT study	2015-18	Institutional Funding
6.	Dr.Jayeesh	A comparative clinical study of scalpel and diode laser in intraoral incisional biopsy	2015-18	Institutional Funding
7.	Dr.Mohammed sibgatulla	Evaluation of wound healing process using buccal pad as a pedicle graft in OSMF	2015-18	Institutional Funding
8.	Dr.Ningombam Gitson Meitei	A comparative pre-emptive use of pregabalin with placebo for postoperative pain	2015-18	Institutional Funding
9.	Dr.Hriday rajan patgiri	An Evaluation of osteoblastic activity in mandibular third molar sockets treated with or without platelet rich plasma	2015-18	Institutional Funding
10.	Dr. Shafi MD Anisul Ambia Mazumder	Comparative clinical evaluation of short retromandibular and retromandibular transported approach to condylar fracture	2015-18	Institutional Funding

List of On-going Projects Funded by Institution in 2020 - 21

SL. No	Name of Researcher	Title	Duration of Study	Funding Agency
1.	Dr. Yamuna Rani	Efficacy of curcumin and physiotherapy in the management of OSMF-a clinical study	2020-23	The Oxford Dental College
2.	Dr. Vinitha	Evaluation of association between maxillary posterior teeth periapical pathologies and maxillary sinus mucosal changes - a CBCT study	2020-23	The Oxford Dental College
3.	Dr. Seh Vish Qureshi	Comparative evaluation of addition of different nanoparticles on the mechanical properties of maxillofacial silicone elastomer: an in-vitro study.	2020-23	The Oxford Dental College
4.	Dr. Anusha Ravindra.K	A comparative evaluation of stress distribution, deformation and retentive force of three different partial denture framework in two removable partial denture designs: a finite element analytical study.	2020-23	The Oxford Dental College
5.	Dr. Swathi A	Comparative evaluation of stress distribution of screw retained straight and multi-unit straight abutment on an atrophic maxilla using two different framework - a finite element analysis	2020-23	The Oxford Dental College
6.	Dr. Rashmi Anagha K R	Comparative evaluation of the flexural strength of heat cure acrylic resin with two different types of woven fibre reinforcements: an in-vitro study.	2020-23	The Oxford Dental College
7.	Dr. Thejaswini L	Comparative evaluation of the dimensional stability and antimicrobial activity of extended-pour alginate incorporated with silver-vanadate: an in- vitro study.	2020-23	The Oxford Dental College

Dean of

8.	Dr. Sushma J	Comparative evaluation of fracture resistance of cad-cam milled monolithic cubic zirconia and lithium disilicate crowns: an in-vitro study.	2020-23	The Oxford Dental College
9.	Dr. Roopa J C	A comparative evaluation of the fracture strength and marginal fit of interim crowns fabricated using three different materials: an in-vitro study.	2020-23	The Oxford Dental College
10.	Dr. Kongathi Sailaja	Comparative evaluation of stress distribution in tooth - implant supported prosthesis with different implant location using non-rigid connector- a finite element analytical study	2020-23	The Oxford Dental College
11.	Dr. Mrunalini	Comparison and evaluation of centre of resistance and centre of rotation of maxillary central incisor and maxillary canine with different levels of bone loss - fem study	2020-23	The Oxford Dental College
12.	Dr. Nausheen Eram	Assessment of cytotoxicity of normally released metal ions during fixed orthodontic mechanotherapy-an invitro study	2020-23	The Oxford Dental College
13.	Dr. Agnitej K T	Evaluation of cortical bone thickness in buccal shelf and infrazygomatic crest area in patients with different growth patterns using cone beam computed tomographic image -an invitro study	2020-23	The Oxford Dental College
14.	Dr.Sherin Johnson	Evaluation effect of physical and chemical sterilization on the fracture resistance of orthodontic mini implants - an in vitro study	2020-23	The Oxford Dental College

15.	Dr. Nikhil V Jose	Evaluation of the prevalence of dental anomalies and cranio facial morphology in orthodontic patients	2020-23	The Oxford Dental College
16.	Dr. Tarika G	Comparison of micro leakage and shear bond strength of orthodontic brackets bonded by using composite resin and titanium oxide nanoparticle incorporated composite resin on thermocycling-an in vitro study	2020-23	The Oxford Dental College
17.	Dr. Priyanka Das	Effect of sandblasting, ER:YAG laser and carbon dioxide laser in recycling of ceramic brackets-an invitro comparative study	2020-23	The Oxford Dental College
18.	Dr. Rathnashree M.V.	A comparative evaluation of mineral trioxide aggregate – angelus and theracal lc as pulpotomy agents in primary molars – a clinical study.	2020-23	The Oxford Dental College
19.	Dr. Sadiya Naz	Assessment of plaque levels of streptococcus mutans and candida albicans and their association in children with and without early childhood caries: a cross-sectional study.	2020-23	The Oxford Dental College
20.	Dr. Anushree S Shenoy	Assessment of erosive potential of various condiments on primary teeth – an in vitro study.	2020-23	The Oxford Dental College
21.	Dr. S Mahima	Evaluation of efficacy of diclofenac versus ketoprofen as a transdermal dr.ug delivery system following bilateral mandibular third molar extraction – a comparative study.	2020-23	The Oxford Dental College

22.	Dr. Chandhana A V	Comparison of efficacy of single and multiple suture techniques on post-inflammatory complications in lower third molar surgery – a split mouth study.	2020-23	The Oxford Dental College
23.	Dr. Bhagyashree M	Evaluation of the efficacy of absorbable collagen sponge after impacted mandibular third molar surgery – a clinical study.	2020-23	The Oxford Dental College
24.	Dr. Sahana B S	Evaluation of efficacy of transdermal patch versus oral diclofenac in orthodontic extractions – a clinical split mouth study.	2020-23	The Oxford Dental College
25.	Dr. Kosanam Sai Hitesh	Comparative evaluation of implant success between immediate loading endosseous implants and basal loading implants – a prospective clinical study.	2020-23	The Oxford Dental College
26.	Dr. Kamini Sharma	A comparative study of tissue adhesive and sutures for closure of the surgical wound after extraction of impacted mandibular third molar.	2020-23	The Oxford Dental College
27.	Dr. Lekshmi S Nair	Estimation of salivary interleukin-1	2020-23	The Oxford Dental College
28.	Dr. Arya Devi .S	Estimation and correlation of soluble triggering receptor expressed on myeloid cells – 1 (strem-1) and tumor necrosis factor - alpha (TNF-A) in gingival crevicular fluid of health and generalized stage iii grade b periodontitis with and without type-2 diabetes mellitus (T2DM) - a cross-sectional study	2020-23	The Oxford Dental College
