1. INTRODUCTION

The Oxford Dental College enjoys the rare distinction of being one of the most sought after and best equipped dental colleges in India and Asia. It is housed in a spacious 8-storey integrated complex with a floor space of 2,85,000 sq. ft., which incorporates complete facilities for pre-clinical and clinical training. The college is recognized by the Govt. of Karnataka and the Dental Council of India. The college is affiliated to Rajiv Gandhi University of Health Sciences, Bangalore.

To familiarize students with their work environment and enable development of practical skills, the college is equipped with the most modern infrastructure. This includes first of its kind CAD-CAM lab having CERCON unit (DEGUDENT GERMANY), high-end KAVO chairs from Germany, state-of-the-art casting equipment, Tek-scan III for occlusal analysis, Computerized periodontal probe and Periotron, specialized microscopes like PENTA HEAD, Phantom heads and other pre-clinical work units. Understanding the necessity of having the finest facilities for students, the college has already invested an enormous 400 million rupees on its infrastructure and treats about 300 patients free of any charge each day.

At The Oxford Dental College, the management is committed to the policy of regular upgradation of equipment and other facilities keeping the changing needs of time in mind.

Overview of Quality

Audit:

Quality Audit helps college / facility to:

- Understand the usage of electricity, water and other natural resources
- Identify opportunities to conserve various natural resources
- Identify various technological improvements
- Evaluate the techno-commercial of identified conservative measures
- Create awareness among the students and staff
- Disseminate the commitment of management towards saving nature
- Develop a culture among students, staff and management to be socially responsible

2. Pre –

AUDIT PHASE

A pre-audit meeting is a prerequisite for the audit, it helps to meet and discuss about the schedule and documents required during the audit. The pre-audit meeting was conducted at The Oxford Dental College. During the meeting, introduction of team members, scope and objectives of the audit were discussed.

Management Commitment

The Management of the college has shown great commitment towards Quality Audit during the pre-audit meeting. They were ready to encourage all green activities. It is decided to promote all activities that are environment friendly such as awareness programmes on the environment, campus farming, planting more trees on the campus etc., after the Quality Auditing.

College administration is vital to the process of realizing campus sustainability, and college policy is an essential instrument for any substantial change in the campus environment.

Scope and Goals of Quality Auditing

A clean and healthy environment aids effective learning and provides conducive learning environment. There are various efforts around the world to address environmental education issues. Quality auditing is one among them for educational institutions.

Once a baseline is established, the data can serve as a point of departure for further action in campus greening. Existing data will allow the college to compare its programs and operations with those of peer institutions, identify areas in need of improvement, and prioritize the implementation of future projects.

This data will also provide a basis for calculating the economic benefits of resource conservation projects, by establishing the current rates of resource use and their associated costs. This audit initiative focused initially on educating colleges and universities through workshops, guidebooks, fact sheets and ensuring compliance through inspections and self-

3. ON-

SITE AUDIT PHASE

3.1. Scope / Target Areas of Quality Auditing

3.1.1. Water Audit

Water Audit addresses water consumption, water sources, appliances and fixtures. Aquifer depletion and water contamination are taking place at unprecedented rates. It is therefore essential that any environmentally responsible institution should examine its water use practices.

3.1.2. Energy Audit

Energy Audit addresses energy consumption, energy sources, energy monitoring, lighting, appliances, and vehicles. Energy use is clearly an important aspect of campus sustainability.

3.1.3. Waste Management Audit

Waste Audit addresses waste production and disposal, plastic waste, paper waste, food waste, and recycling. Municipal solid waste has a number of adverse environmental impacts, most of which are well known and not in need of elaboration.

3.1.4. Green Campus Management Audit

Green campus initiatives are becoming an integral part of modern day's university systems. Green campus Audit helps in maintaining the air and water clean. It regulates the climatic conditions and provides a healthy and comfortable environment for living.

3.1.5. Environment Footprint Audit

Environment Footprint Audit addresses the usage of fossil fuels (coal, diesel, petrol and gas). The mode of commute to and from college each day has an impact on the environment through the emission of greenhouse gases into the atmosphere by the burning of fossil fuels.

3.2. Audit

Methodology and Approach

The methodology and approach adopted for the study involve various steps that include:

- Review of Document and records
- Review of Policies
- Review of MoU
- Review of various measures implemented
- Site Walkthrough
- Data Collection
- Interviews

3.2.1. Review of Document and Records

The various documents and records such as:

- Electricity bills
- Water bills
- Equipment registers
- List of appliances
- o Internal Quality Audit document
- Purchase document
- Cash payment receipts
- Equipment service report
- Maintenance and service payment receipts

were reviewed and, relevant data and inputs required for analysis have been collected.

3.2.2. Review of Policies

College has various policies that include safety policy and Anti-ragging policy.

A. Safety Policy:

All the students, teaching staff, non-teaching staff, maintenance and house-keeping staff have been given training to use fire extinguishers in emergency situations of fire and explosion. Fire hydrant system is available at the campus. Also, fire extinguishing cylinders have been installed in each floor and in laboratory areas. Fire order statements and use of fire extinguisher has been posted at each block. Fire alarm is also installed at the premises. Photos of fire order and fire alarm are shown in figure 3-1 and 3-2.

B. Anti-

Ragging policy:

Ragging in all its forms shall be totally banned in the entire institution, including its departments, constituent units, all its premises (academic, hostel, sports, canteen, etc.) whether located within the campus or outside and in all means of transportation of students whether public or private. **'SAY NO TO RAGGING'** poster is placed in each block of the campus and a sample photo is as shown in the figure 3-3.

Figure 3-3: Anti-ragging poster

3.2.3. Review of various measures implemented

During the Quality Audit study, it was observed the college has taken various initiatives in conserving natural resources that include:

- Internal Quality Assurance Cell including Staff, Students, Alumni, parents and industrial members.
- Installation of Solar Roof Top Photo Voltaic (SRTPV) system for power generation.
- Wheeling to grid is done.
- Installation of LCD/LED monitors for all the desktops to conserve electricity.
- Installation of LED fixtures to reduce electricity consumption.
- Switching OFF lights and fans whenever not in use to save electricity.
- Maintenance of logbooks and registers is done properly.
- Installation of RO plant to provide purified drinking water.
- Sewage treatment and using the treated final water for gardening purposes.
- Rain water harvesting system is available in the campus.
- Regular testing of STP treated water quality parameters.
- Color coded bins are used for Bio medical waste segregation at source level.
- MoU signed for Bio medical waste disposal.
- Installation of waste segregation bins at all the rooms to separate the dry and wet waste.
- Training is conducted on regular basis regarding usage of fire extinguisher, conservation of resources such as electricity, water, food and green campus.
- Maintenance team is available for electrical, plumbing, waste management and green campus management.

3.2.4. Site walk through

Site walk through was conducted with staff members, students and audit team members. Staff and students have shown very keen interest in the data collection process and methods to be followed in field data collection. The staff and students have given inputs and suggestions for resource conservation as well.

College Infrastructure

The Oxford Dental College campus has various blocks and departments. Each floor has state of the art class rooms, staff rooms, laboratories, libraries and many more. Details of infrastructure are as follows:

- o Auditorium
- Seminar rooms
- o Bank facility
- o 24 hrs. ATM in the campus
- Inhouse hostel for boys and girls
- Hospital facility
- Ambulance service
- o Free dental treatment
- First aid, medical and counseling facility

4. GREEN

CAMPUS MANAGEMENT AUDIT

4.1. Facility Description

The Oxford Dental College maintain a green and clean campus, planting trees under the initiative of NSS are the strides towards the environment.

The students and faculty are encouraged to adopt cleanliness, making the campus garbage and plastic free zone. Tree plantation programs help in encouraging eco-friendly environment, which provides pure oxygen within the institute.

The maintenance team takes care of the up-keeping of the environment and ensures to keep the surroundings clean. They maintain all the plantations by employing the cleanliness and watering regularly.

There are more than 50 trees and well-maintained landscaping of lawns and plantations.

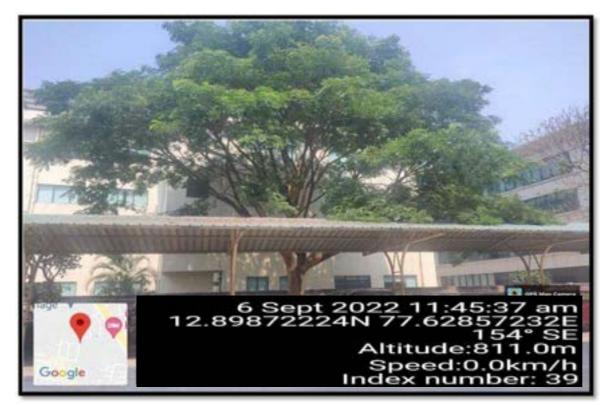

4.1.1. Landscaping with Trees and Plants

Landscaping of the college is worth seeing and reflects aesthetic sense. The institute has a canopy of trees and plants to make the environment pollution free to safeguard the health of all the inmates. The trees provide shade and beautiful ambience. Utmost care is taken to develop and maintain green landscaping by trained gardeners and supervisor. The construction and maintenance team constituted in the college looks after the development and maintenance of the greenery in the campus. Photos taken during the audit are shown in figures 4-1 to 4-20.

4.2. Best Practices Implemented for Green Campus Management

The maintenance staff members do periodic checks and maintain records for the same. Many initiatives are taken by the management to inculcate the eco-friendly culture among the student community. The green campus provides the facilities such as rain water harvesting, well grown trees, plantations and lawn all around the campus.

- Plastic free campus
- Green landscaping with trees, plants like vegetable, fruits and medicinal plants; lawns
- Paperless office: All communication regarding academics and administration are sent as e-mails and messages to faculty members and students that contributes paperless communication
- Apart from above, the maintenance of entire campus gardening is done regularly.

Environmental conscious administration, the management and the students of the college look after the environment carefully. Every year, during rainy season, tree plantation and carefully look after it. It's our own responsibility to preserve the work done on the campus related to the environment.

4.2.1. Purchase of gardening tools

To maintain the gardens, suitable gardening tools are required. Purchase of gardening tools are done whenever it is required.

The sample bill for purchase of gardening tools is shown in figure 4-23.

4.2.4. Awareness programs

Planting of Saplings:

A Camp was held at Kachamaranahalli by The Oxford Dental College for seven days. It is a rural area 37 kms away from The Oxford dental College. The total population of village is around 1,056. The camp was conducted in collaboration with the NSS unit of RGUHS, Karnataka. This village comes under Kodathi Gram Panchayt in Bangalore East Tehsil.

Before starting the special camp in Kachamaranahalli the NSS Volunteers visited the area and met the Head of the Village Mr Babu Reddy, and got co-operation to run the special camp in Kachamaranhalli for smooth conduction of Special camp.

On 20th February 2017 saplings were planted by the NSS volunteers in the school campus of Kachamaranahalli village.

PLANTING THE

SAPLINGS IN THE COLLGE CAMPUS

Planting the Saplings program was organized on 14/09/2019 at The Oxford Dental College.

Trees increase our quality of life by bringing natural elements and wildlife habitats into urban settings. A large tree can push 150 tons of water into the atmosphere each year, with no trees, the land will heat up and dry out and the dead wood will inevitably result in enormous wildfires.

Today, their value continues to increase and more benefits of trees are being discovered as their role expands to satisfy the needs created by our modern lifestyles. Keeping this in note we conducted an awareness campaign in The Oxford Dental college campus. The team consisted of Dr. A.R. Pradeep, Dean and Director, faculty members Dr. Shilpa shree. K.B. and Dr. Divya B.M. and Post Graduate students.

Dr. Pradeep A.R, gave a talk to create awareness among students regarding planting of the saplings to keep the environment free from all the effects. Team members planted the saplings in the campus of The Oxford Dental College with the help of gardeners.

The saplings planted during the event is shown in figure 4-29 to figure 4-31.
