Activity report

Title: Overseas Career Counseling

Objective: Overseas Career Counseling for interns and undergraduates

Date: 22.08.2023

Time: 10:00 am –11:15am

Location: The Oxford dental college, Bangalore

Organized by: Dept of Public Health Dentistry

Participants: Faculty, Interns, Undergraduate students

Description: On 22nd August, the Department of Public Health Dentistry in association with IDP and IELTS, conducted a talk on “Overseas Career Counseling”. The speakers of the program were Mr. Binoy Sarkar and Ms. Aishwarya from IDP. Around 10.00 am, the program was started with the welcome speech by Dr. Bhavana, Intern. After the welcome speech, Dr. Ramesh N, Head of the Department, Department of Public Health Dentistry gave a brief talk on the importance of overseas career counseling to the Interns and undergraduates. Mr. Binoy Sarkar, Strategic Alliance Manager at IDP, gave brief talk about overseas education and career prospects. Then Ms. Aishwarya, Senior consultant at IDP, explained about the examinations, scholarships and funding approaches to the various global universities. After the counseling session, vote of thanks was given by Dr. Vinod Kumar, Senior lecturer, Department of Public Health Dentistry. Saplings were given to the speakers as a token of appreciation.

ACTIVITY REPORT – CDE Programme

“Skeletal Anchorage System broadening the horizon of Orthodontics”

Title: Skeletal Anchorage System broadening the horizon of Orthodontics

Objectives:

- ❖ To create awareness among the participants about the advanced Skeletal Anchorage System (SAS) in the field of orthodontics
- ❖ To describe the SAS system in detail and also display few cases treated with those systems.

Date: 21/09/2023

Time: 9.30 AM to 1.00 PM

Location: The Oxford Dental College, Bangalore

Organized by: Department of Orthodontics and Dentofacial Orthopedics

Audience: PGs and Faculty

Speaker: Dr. Gowtham Narayanappa

Method adopted: Live demonstration

Materials used: Power point presentation, Brochure, banner, Videos.

Description:

The Department of Orthodontics and Dentofacial Orthopedics, Oxford Dental College conducted a CDE Programme on “Skeletal Anchorage System broadening the horizon of Orthodontics on 21st September, 2023. A total of 27 students and Faculty from The Oxford Dental College participated in the Program.

Dr.Gowtham Narayanappa, the speaker for programme spoke about the Skeletal Anchorage System (SAS) in detail. Then live demonstration of implant placement was given. This was followed by the vote of thanks. The Organizing committee from the Department of Orthodontics and Dentofacial Orthopedics thanked all the students and faculty who participated and made the program a grand success.

Photographs

OUTCOME ANALYSIS – The participants gained knowledge about the Skeletal Anchorage System.

Bommanahalli, Bangalore

The Department of Pediatric and Preventive Dentistry

Activity Report

Title: AWARENESS ON MENTAL HEALTH

Objectives: To help students understand the importance of hepatitis prevention and cure.

Date: 06.11.2023

Time: 10:00am to 11:00am

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description: Department of Pediatric and Preventive Dentistry of the Oxford Dental College had conducted a Value-added course on “**AWARENESS ON MENTAL HEALTH**” for Undergraduates, Postgraduates, and the members of the faculty on 06.11.2023. The proceedings of the session started off with a lecture. The lecture varied on a variety of topics. About 120 attendees attended the program. Question and answer sessions were held after the end of the program. Feedback forms were given to evaluate the success of the program as well as grading the participants.

INTERDEPARTMENTAL MEETING REPORT

Interdepartmental meeting was held by department of Conservative Dentistry and Endodontics on 19th January 2023, presented by Dr Yogesh K M (3rd Year PG, Department of Conservative Dentistry and Endodontics) and Dr. Sukanya (3rd year PG, Department of Periodontology) on the topic – Management of Complicated Crown Fracture.

Departments Involved,

Department of Conservative Dentistry and Endodontics
Department of Periodontics

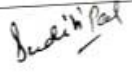

Summary of the topic presented,

Trauma to the tooth is tragic experience to a young patient, which presents unique problems to the clinician at the time of diagnosis and treatment planning. Crown fractures comprise of 26% to 76% of all dental injuries. Complicated crown fractures are the ones with the involvement of pulp. Crown fractures with more than 50% of tooth loss needs to be reinforced with post followed by full coverage restoration. This case report showed management of complicated crown fracture with custom cast post followed by all ceramic crown. Crown lengthening was done prior to endodontic treatment. Post which endodontic treatment was completed and post space was prepared. Wax pattern was fabricated, invested and casted for cast post. Cast post was cemented with luting GIC and restored with All ceramic crown.

ACTIVITY REPORT – CDE Programme

“PREDICTABLE ALIGNER TREATMENT OUTCOME AND BETTER RETENTION USING THE TVAP METHODOLOGY”

Title: “Predictable aligner treatment outcome and better retention using the TVAP methodology”

Objectives:

- ❖ To create awareness among the participants about the advanced Clear aligner treatment in the field of orthodontics
- ❖ To describe the latest Clear aligners (KIYO CLEAR) in detail and also showcase few cases treated with those aligners.

Date: 09/11/2023

Time: 11 AM to 1.00 PM

Location: The Oxford Dental College, Bangalore

Organized by: Department of Orthodontics and Dentofacial Orthopedics

Audience: PGs and Faculty

Speaker: Dr. Shruti Goel

Method adopted: Live demonstration

Materials used: Power point presentation, Brochure, banner, Videos.

Description:

The Department of Orthodontics and Dentofacial Orthopedics, Oxford Dental College conducted a CDE Programme on “Predictable aligner treatment outcome and better retention using the TVAP methodology” on 09th November, 2023. A total of 35 students and Faculty from The Oxford Dental College participated in the Program.

Dr. Shruti Goel, the speaker for programme spoke about the Clear Aligner treatment in detail. Then KIYO CLEAR Aligner Kit was shown to all the participants and display of few cases treated by the KIYO CLEAR aligners. This was followed by the vote of thanks. The Organizing committee from the Department of Orthodontics and Dentofacial Orthopedics thanked all the students and faculty who participated and made the program a grand success.

Activity Report

Title: LOCAL ANESTHESIA ADMINISTRATION - SIMPLIFIED

Objectives: To help students understand different local anesthesia administration techniques in a simplified manner.

Date: 18-12-2023

Time: 9:00am to 2:00pm

Location: Auditorium, The Oxford Dental College

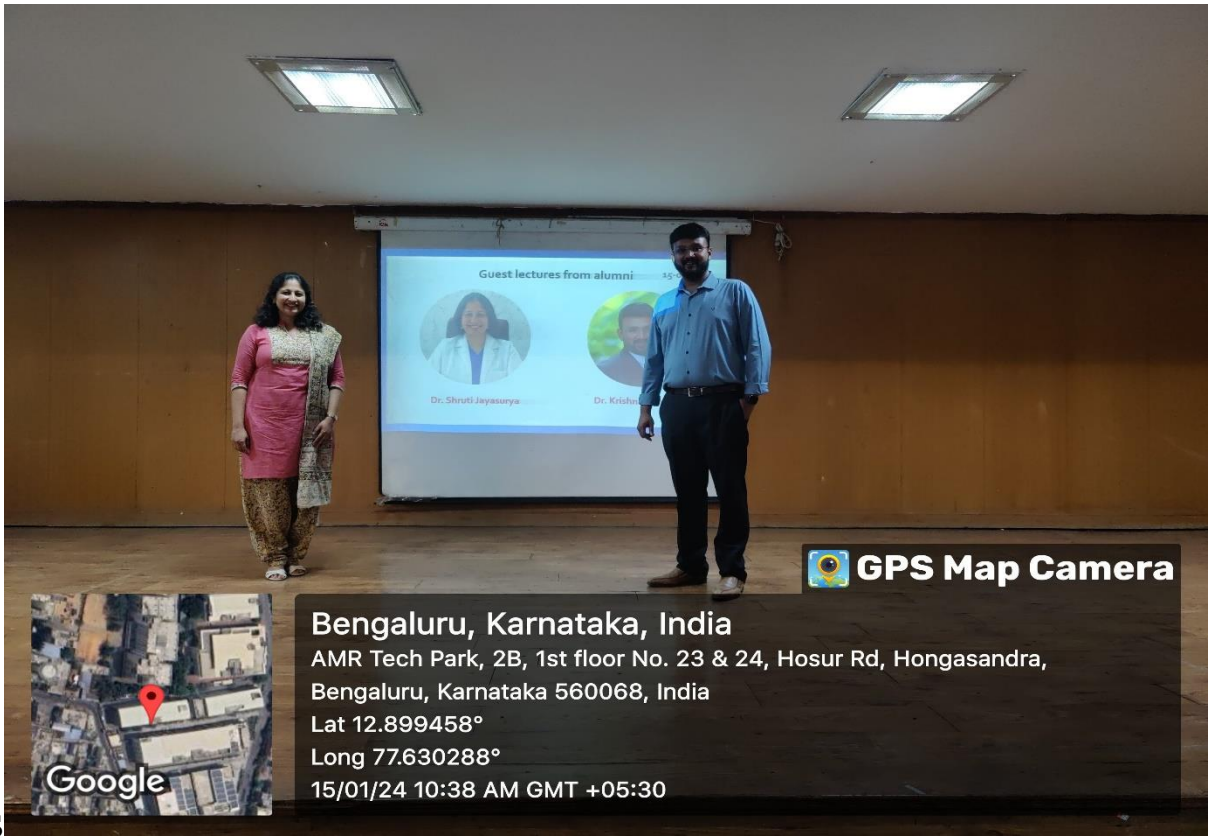

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description: Department of Pediatric and Preventive Dentistry of the Oxford Dental College had conducted a CDE programme on “**LOCAL ANESTHESIA ADMINISTRATION - SIMPLIFIED**” for Undergraduates, Postgraduates, and the members of the faculty on 18.12.2023. The proceedings of the session started off with a welcome note followed by a prayer and then first lecture on “What can we do different ? A clinician perspective by alumni Dr. Shruti Jayasurya. (Practicing Pediatric dentisit in Bangalore). The delegates then had a refreshing tea break followed by the second lecture on “Painless dental anesthesia” by alumni Dr. Krishna Kumar R (Professor Anoor Dental College and Hospital, Kochi). The delegates were then shown live demonstration of computer controlled anesthesia and were given hands on experience following which was the valedictory and vote of thanks. The delegates were also served delicious lunch after the programme. About 60 attendees attended the program. Question and answer sessions were held in between and at the end of the program and students were given a fair chance to interact with the speaker. Feedback forms were given to evaluate the success of

Activity Report

Title: MODERN DAY CAREER OPPORTUNITIES

Objectives: To help students understand the different modern day career opportunities available in the field of health science.

Date: 05-01-2024

Time: 9:30am to 10:30am

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Webinar through Google meet

Materials used: Power point presentation

Description: Department of Pediatric and Preventive Dentistry of the Oxford Dental College had conducted a CDE programme on “**MODERN DAY CAREER OPPORTUNITIES**” for Undergraduates, Postgraduates, and the members of the faculty on 05.01.2024. The proceedings of the session started off with a welcome note followed by introduction of the speaker and then lecture on “the different career opportunities that can be pursued in the field of health science such as pharmacovigilance , Scientific publication, Research writing etc. The speaker also spoke about GAADS which is Gain Advance Skills (A course for helping students). About 60 attendees attended the program. Question and answer sessions were held in between and at the end of the program and students were given a fair chance to interact with the speaker. It was an enlightening session held for the young minds.

Title: Workshop on “Intellectual Property Rights (IPR)”

Date: 09.01.2024 & 10.01.2024

Location: Auditorium, The Oxford Dental college, Bangalore

Organized by: Dept of Public Health Dentistry

Beneficiaries / Audience: Faculty

Total Attendees: 38

Speaker: Dr. Senthil. M

Method adopted: Lecture

Description: Two-day’s workshop on Intellectual Property Rights (IPR) was conducted on 9th & 10th January 2024 by the Dept of Public Health Dentistry. Guest speaker was Dr. Senthil. M, Head of the Department, Dept of Public Health Dentistry, Indira Gandhi Institute of dental Sciences. The program started at 9.30 am on both the days. The Speaker discussed in detail about Intellectual Property Rights including the steps in application of Patents and copyrights. The entire program was an interactive one. Many questions and doubts were asked by the audience and all those were cleared by the speaker. A momento was given to the speaker by Principal, Dr. Priya Subramaniam and Dr. Ramesh N, Head of the Department, Dept of Public Health Dentistry.

Activity Report

Title: Basic Life Support (BLS) Training Session.

Objectives: To help students understand the importance of BLS and be confident enough as healthcare professionals to provide BLS in case of medical emergencies.

Date: 12/02/2024

Time: 10:15am onwards

Location: Auditorium, The Oxford Dental College

Organized by: The Oxford Dental College

Audience: Students and faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description:

A lecture was organized on the fundamental aspects of Basic Life Support including early recognition of cardiac arrest, checking for a response, activation of the emergency medical system, providing early cardiopulmonary resuscitation, and rapid defibrillation using AED. The programme allowed students to perform CPR on mannequins. It also guided students on managing many other medical emergencies

such as acute asthmatic attack, anaphylaxis, syncope, seizures etc. Question and answer sessions was held at the end of the programme. It was a very knowledgeable and enlightening session for all the attendees.

Activity Report

Title: Stress Management

Objectives: To help students cope up with the mental stress and to spread awareness about mental wellbeing.

Date: 13/02/2024

Time: 01:30 – 02:30pm

Location: Auditorium, The Oxford Dental College

Organized by: The Oxford Dental College

Audience: Students and faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description:

The Oxford Dental College conducted a programme on stress management in healthcare students to help the young mind knowing the importance of mental wellbeing and coping up with the stress. Dr. Venkata Lakshmi Narasimha, Asst Professor, centre for addiction Medicine, Department of

Psychiatry,, NIMHANS, Bangalore was the resource person for the day. He told the students about various methods of stress management such as indulging in their hobbies, meditation etc with relatable examples. It was a very interactive session.

Title: Career opportunities for dentists in the Indian Armed Forces

Dates: 2nd March 2024

Venue: Auditorium, The Oxford Dental College

Guest Speaker: - WG CDR Gagan Deep Kochar

Method Adopted :- Powerpoint Presentation

No. of Participants:- 149

Organized By:- Department of Periodontology

Introduction

The "Career opportunities for dentists in the Indian Armed Forces" at The Oxford Dental College, held on March 2nd, 2024, aimed to motivate and give insights to the students on Armed Dental Corps. This report highlights how to apply for the Army Dental Corps for graduates and postgraduate students post the completion of the course.

Program Overview

The Program commenced with an inaugural session and welcome address. Renowned expert WG CDR Gagan Deep Kochar delivered a lecture on the career opportunities for dentists in the Armed Dental Corps and also gave insights into the proceedings to be followed to apply for the same.

Participants engaged in interactive sessions, discussions, and feedback collection for program improvement.

The Program concluded with a vote of thanks expressing gratitude to all participants and facilitators. Additionally, feedback was gathered from participants to assess the effectiveness of the program and identify areas for further enhancement.

Outcome

The Program garnered positive feedback, with participants appreciating the relevance of covered topics. Key outcomes include increased awareness of career opportunities for dentists in the Armed Dental Forces, competitive exams and the proceedings to be followed to get selected into the Army, and motivating the students by giving insights into the pros and cons of joining the army.

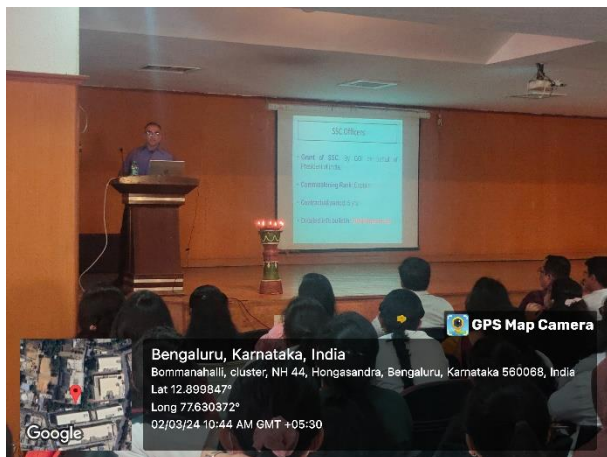

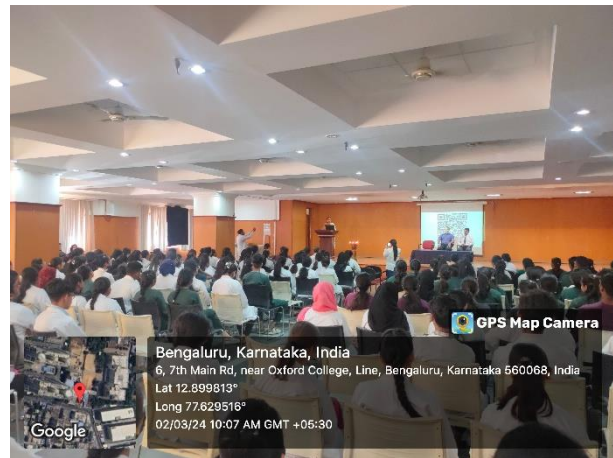

Recommendations

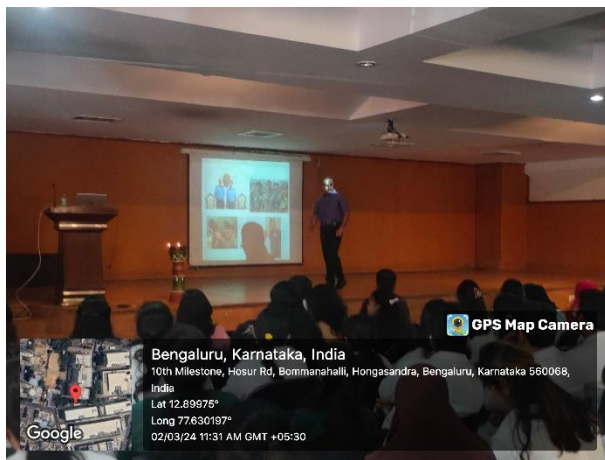

- Interested students who want to apply for the Army Dental Corps can interact with the speaker to acquire more information about the same.

Conclusion

The program provided participants with essential knowledge on applying for Armed Dental Corps.

ACTIVITY REPORT

"Mastering Advanced Implantology - A Surgical Workshop"

Title:- Mastering Advanced Implantology - A Surgical Workshop

Objective:- To train dental graduates, post-graduates and practitioners in the essential skills of advanced implantology

Date:- 27th and 28th March 2024

Time - 9.00 am onwards

Location - College Auditorium, The Oxford Dental College

Organised by - Department of Oral and Maxillofacial Surgery

Participants:- Registered participants - students, faculty and practitioners from various colleges and clinics across Asia.

Organising Chairman:- Dr Harish Kumar A, Professor and Head, Department of Oral and Maxillofacial Surgery, The Oxford Dental College

Description

The Department of Oral and Maxillofacial Surgery, The Oxford Dental College, organised a 2-day programme, "Mastering Advanced Implantology - A Surgical Workshop" on the 27th and 28th of March, 2024. A total of 132 registrations from undergraduate students, post-graduate students, faculty, and practitioners from dental colleges and clinics across Asia were received.

The workshop included lectures, live demonstrations and hands-on sessions on advanced implantology procedures like maxillary sinus lift, ridge augmentation procedure to name a few, by highly experienced resource persons.

The delegates participated actively in all sessions and benefited from the didactic and demonstrative sessions, ultimately concretising their learnings through hands-on opportunities.

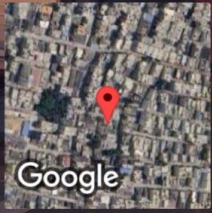

The feedbacks collected from the delegates has been highly appreciative and motivating for the organisers.

Monday

**DEMYSIFYING THE ART OF
ANTERIOR COMPOSITE
RESTORATION**
Presented by
Dr. MEGHA KAPADIA

Brief about the lecture TOPIC:

"DEMYSIFYING THE ART OF ANTERIOR COMPOSITE RESTORATION

Dentistry, with its continuous evolution and advancements, witnesses the emergence of innovative techniques and materials aimed at achieving natural and esthetically pleasing results. Among these, the "DEMYSIFYING THE ART OF ANTERIOR COMPOSITE RESTORATION" has garnered attention in recent times. This term alludes to a comprehensive approach in the restoration of anterior teeth, particularly focusing on achieving a multi-hued or polychromatic effect that closely mimics the intricate color variations found in natural dentition. The lecture will give a detail about all the techniques that can be used to overcome these challenges.

REPORT OF THE PROGRAMME
THE OXFORD DENTAL COLLEGE AND HOSPITAL
DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDOODORTICS

in association with
ALUMINI COMMITTEE

Department conducted a Pre-conference course by **Dr.MEGHA KAPADIA** on the topic "DEMYSTIFYING THE ART OF ANTERIOR COMPOSITE RESTORATION " .

The skill building workshop was scheduled on 29.04.2024 .

The program was attended by post graduate and intern students. The lecture started at 9:30AM.

The Lecture explained various techniques to overcome challenges during anterior aesthetic composite restorations and shade matching and isolation protocol to help in clinical practice. The participants were given the certificate of participation for an effective participation and understanding of the topic.

Activity Report:

Title: Ergonomics in Dentistry

Dates: 30th April 2024

Venue: Auditorium, The Oxford Dental College

Guest Speaker: - Prof. Pearlson K

Method Adopted: - Powerpoint Presentation

No. of Participants: - 115

Organized By: - Department of Periodontology

Introduction

The “Ergonomics in Dentistry” aimed to make the faculty and students aware of the various problems faced by dentists regarding their physical body pain either due to their improper chair position or due to long working hours in clinics and how to overcome this by themselves.

Program Overview

The Program commenced with an inaugural session and welcome address. Renowned expert Prof. Pearlson K delivered a lecture on the ergonomics in dentistry and also gave insights into the problems faced by dentists in

clinics. Participants engaged in interactive sessions like exercises for various physical problems and discussions.

The Program concluded with a vote of thanks expressing gratitude to all participants and facilitators.

Outcome

The Program garnered positive feedback, with participants appreciating the relevance of covered topics. Key outcomes include increased awareness of problems they might face due to improper position of the operating dentists and how to avoid or overcome those problems.

Recommendations

- Students who have queries regarding any muscle or joint pain due to physical exhaustion can contact the speaker.

Conclusion

The program provided participants with essential knowledge on applying for physical well-being and good patient outcomes if the ergonomics is followed.

Activity Report

Title: Interdisciplinary meet

Objectives: To help students understand the importance of a multidisciplinary approach in treating patients and providing them with improved quality of life.

Date: 28.05.2024

Time: 02:00am – 02:30pm

Location: Lecture Hall, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry and Department of Orthodontics and Dentofacial Orthopaedics.

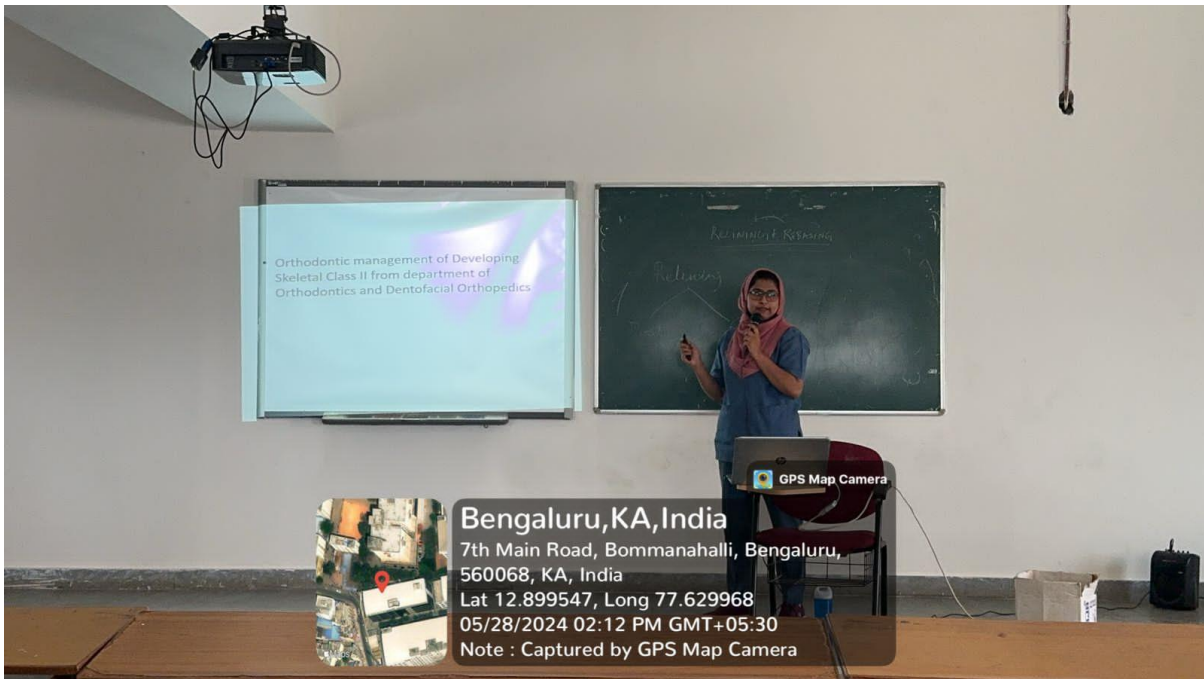

Audience: Staffs and Postgraduate students.

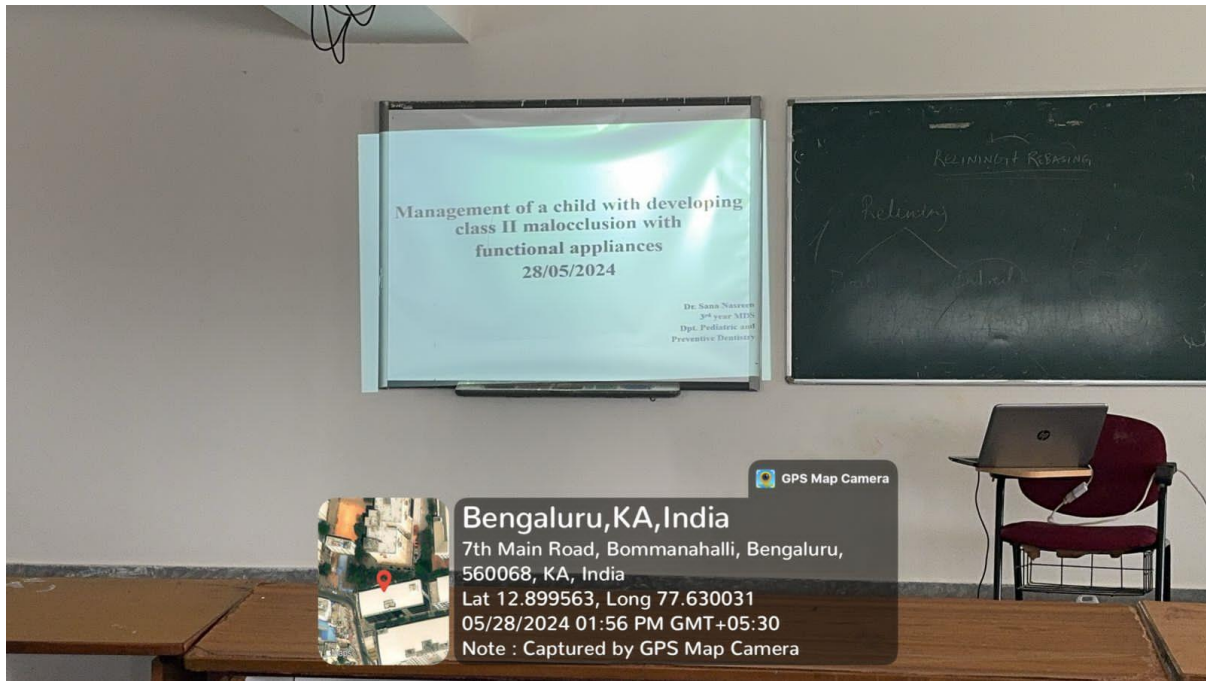

Speaker: Dr. Sana Nasreen and Dr. Naziya Sultan

Method Adopted: Lecture with audiovisual aids

Description: Department of Pediatric and Preventive Dentistry and Department of Orthodontics and Dentofacial Orthopaedics conducted an interdisciplinary meet on management of a child with the developing class II malocclusion with functional appliances on 28.05.2024. It was attended by Staffs and postgraduate students. Dr. Sana Nasreen (Final year student from the Department of Pediatric and Preventive Dentistry) and Dr. Naziya Sultan (final year student from the Department of Orthodontics and Dentofacial Orthopaedics) presented a case report on management of a child with the developing class II malocclusion with functional appliances. It was a very informative session. Question and answers round were held at the end of the session.

Activity Report

Title: International Yoga Day

Objectives: To help students understand the importance of Yoga and Health.

Date: 21.06.2024

Time: 09:00am – 11:30pm

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Staffs, Postgraduate, Undergraduate students and interns

Speaker: Ms. Neha Dugar, Yoga trainer

Method Adopted: Health talk and physical training

Description: Department of Pediatric and Preventive Dentistry conducted a workshop on the occasion of “**International Yoga Day**” for the Staffs, Postgraduate, Undergraduate students and interns on 21.06.2024. The proceedings of the session started off with a lecture by Ms. Neha Dugar, Yoga trainer. The lecture varied on a variety of topics of Yoga and its importance. Ms. Neha Dugar conducted a workshop which physically involved all the participants into practice and aasana of yoga. About 200 delegates attended the program. Question and answer sessions were held after the end of the program.

Title: Start ups and innovations in healthcare

Dates: 24th March 2024

Venue: Auditorium, The Oxford Dental College

Guest Speaker: -Dr Karnav Patel

Method Adopted:- Powerpoint Presentation

No. of Participants:- 118

Organized By:- Department of Periodontology

Introduction

“Start ups and innovations in healthcare” at The Oxford Dental College, held on 24th March 2024, aimed to motivate and give insights to the students on scope of startups and entrepreneurship in health care. This report highlights how to think out of the box and venture into health care related start ups.

Program Overview

The Program commenced with an inaugural session and welcome address. Dr Karnav Patel delivered a lecture on the possible opportunities for dentists in start ups, he also elaborately explained his journey of becoming an entrepreneur. Participants engaged in interactive sessions, discussions, and feedback collection for program improvement.

The Program concluded with a vote of thanks expressing gratitude to all participants and facilitators. Additionally, feedback was gathered from participants to assess the effectiveness of the program and identify areas for further enhancement.

Outcome

The Program garnered positive feedback, with participants appreciating the relevance of covered topics. Key outcomes include increased awareness of a possible career opportunity in setting up a start up in health care. Participants had an overall view of the entire process of thinking out of the box to actually executing it. The speaker also gave information on various government fundings provided for such innovative concepts.

Recommendations

- Interested students who want to pursue into such start ups can interact with the speaker to acquire more information about the same.

Conclusion

The program provided participants with essential knowledge on start ups and innovations in health care
