## SUMMARY:

The Oxford Dental College has the unique reputation of being one of the most desired and well-equipped dental institutions in India and Asia. It is located in a large 8-story integrated building with a total area of 2,85,000 sq. ft., which includes complete resources for both pre-clinical and clinical education. The college is recognized by the Government of Karnataka and the Dental Council of India. It is affiliated with Rajiv Gandhi University of Health Sciences in Bangalore.

To help students adjust to their work environment and develop practical skills, the college boasts advanced infrastructure. This includes the pioneering CAD-CAM lab equipped with the CERCON unit (DEGUDENT GERMANY), high-quality KAVO dental chairs from Germany, state-of-the-art casting equipment, Tek-scanners for occlusal analysis, computerized periodontal tools, and specialized microscopes like PENTA HEAD, along with Phantom heads and various pre-clinical workstations. Acknowledging the importance of having top-notch facilities for its students, the college has invested a substantial 400 million rupees into its infrastructure and provides free treatment to approximately 300 patients daily.

At Oxford Dental College, the management is dedicated to the continuous upgrading of equipment and facilities to address the evolving requirements of the times. Established in 1992 at Puttenahalli, J. P. Nagar, Bangalore, the college and its library relocated to its current permanent site in 2001.

The Library & Information Center occupies the first floor of the Oxford Dental College building, offering ample space for a collection of books, back volumes of journals, and current year publications. Within the campus, an ultra-modern hostel provides comfortable accommodations for students during their learning period, offering a range from studio apartments to triple-occupancy rooms, with internet access in each room. A high-tech, hygienic kitchen serves a variety of delicious multi-cuisine meals. Additionally, staff quarters on campus ensure faculty availability almost around the clock, contributing to a complete residential educational experience.

The Oxford Institutions operate their own bus fleet to assist students and faculty traveling from various areas of the city. Public transport options are conveniently accessible near the college, facilitating easy commuting for those arriving from different parts of the city. The upcoming Oxford Metro station will also be situated conveniently close to the college.

The significance of banks is highlighted by their role as the essential support for everyday activities. It is advantageous for both staff and students to have banking facilities available at the same location where they work or study. For staff members, it simplifies the management of their salaries and other banking tasks while they are present on campus. For students, particularly those from different states or countries, it offers a secure and convenient banking option.

Therefore, we have established a branch of Bank of Baroda and an ATM within the college grounds to meet the needs of staff, students, and patients.

The pharmacy within the hospital is tasked with overseeing the supply of all medicines utilized in the facility and is responsible for purchasing and distributing them. In light of this, The Oxford Dental College has its own pharmacy on-site to provide medications for treating dental issues, as well as for patients undergoing procedures in the operating theater, catering to both pre-surgical and post-surgery requirements.

## **In House Bank & ATM**

The importance of banks can be seen from the fact that they are considered as to be the life-blood of day-to-day activity.

It is convenient for the staff and the students to be able to do their banking under the same roof they work in or study respectively.

Its beneficial for the staff to manage their salaries and other bank related works, while they are at duty in the college premises. For the students, its beneficial especially for those who come from other states or countries to have a safe and convenient method of banking.

Thus, we have a branch of Bank of Baroda & ATM inside the college premises, to cater to the needs of staff, students and as well as the patients.
