**Presence of a Student Council, its activities related to student welfare and student representation in academic & administrative bodies/ committees of the Institution**

**Composition & Minutes of Meeting of Student Council & Student Welfare Committee**

**Committee members:**

The Student council of our Institution aims to inspire and motivate the emerging achievers to reach the unreached and contribute for the further progress of the community. Students are given as many opportunities as possible to practically implement what they learn and reach what they aspire to be through the Council. Students from all levels represent the Student Council so that every aspect is acknowledged and looked into. It is collectively responsible for activities like management of Hostels, academic concerns of students, organizing the cultural and sports activities on campus and many more. The Student council mainly encourages the students to share their ideas, interests and concerns with teachers and principals and encourages the student in learning about leadership skills. The student forum is highly engaged in safeguarding student well-being, encompassing both academic and administrative spheres. To foster the institution's responsiveness to students' needs and expectations, active encouragement is extended for student participation in governance through Teaching-learning - Feedback on faculty performance, curriculum, program outcomes, infrastructure facilities, placements and learning resources.

The council convenes in every 2 months in accordance with the annual calendar, to discuss on a range of student issues and to make arrangements for diverse intercollegiate competitions. The council is entrusted with the prime responsibility of organizing college functions like College Day, Graduation Day, Parent Teacher's Meeting, Teacher's Day celebrations and the Annual Social Gathering. The council strongly upholds the principle of granting rightful acknowledgment to student representatives and participants. The faculty members of the student council are actively engaged in counseling students, offering them a platform to openly discuss their challenges, both academic and personal in nature.

The institution's different committees feature significant representation across the board.

- The Hostel Committee holds the responsibility for the well-being of residential students. Nominated from the Student Forum, committee representatives convene regular meetings
