Activity Report

Title: Opportunities of Indian dentists in UK and abroad.

Objectives: To help students understand the scope of indian dentist in UK and abroad.

Date: 05/07/2023

Time: 9:15am onwards

Location: Auditorium, The Oxford Dental College

Organized by: The Oxford Dental College

Audience: Students and faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: PowerPoint presentation

Description:

A guest lecture was organized on opportunities for Indian dentists in the UK and abroad. The program helped students understand the scope and procedures required for an Indian dentist to work overseas. It was a very interactive session with questions and answers that helped the young minds discover new ways of establishing their careers as dental practitioners.

Title: Overseas Career Counseling

Objective: Overseas Career Counseling for interns and undergraduates

Date: 22.08.2023

Time: 10:00 am –11:15am

Location: The Oxford dental college, Bangalore

Organized by: Dept of Public Health Dentistry

Participants: Faculty, Interns, Undergraduate students

Description: On 22nd August, the Department of Public Health Dentistry in association with IDP and IELTS, conducted a talk on “Overseas Career Counseling”. The speakers of the program were Mr. Binoy Sarkar and Ms. Aishwarya from IDP. Around 10.00 am, the program was started with the welcome speech by Dr. Bhavana, Intern. After the welcome speech, Dr. Ramesh N, Head of the Department, Department of Public Health Dentistry gave a brief talk on the importance of overseas career counseling to the Interns and undergraduates. Mr. Binoy Sarkar, Strategic Alliance Manager at IDP, gave brief talk about overseas education and career prospects. Then Ms. Aishwarya, Senior consultant at IDP, explained about the examinations, scholarships and funding approaches to the various global universities. After the counseling session, vote of thanks was given by Dr. Vinod Kumar, Senior lecturer, Department of Public Health Dentistry. Saplings were given to the speakers as a token of appreciation.

STUDENT FEEDBACK

Topic : Overseas Career Counseling

Name of the Speaker: Mr. Binoy Sarkar and Ms. Aishwarya from IDP

If you attended the guest lecture we would like to make sure that the sessions were relevant and useful. Give your appropriate feedback to make the future lectures more beneficial for you.

➤ Please '✓' the option you find most suitable.

S.No		Extremely Good	Good	Average	Poor
1.	How was the overall organization of the lecture?		✓		
2.	How relevant was the content discussed by the speaker?		✓		
3.	Are you satisfied with the time and venue?		✓		
4.	How much interesting this session was for you?	✓			
5.	How was your preparation about the topic before the guest lecture?		✓		
6.	Did the lecture cover what you were expecting?	✓			
7.	What is your opinion about the speaker?		✓		
8.	How much this session was useful from the knowledge and information point of view	✓			
9.	Overall effectiveness of the lecture		✓

OUTCOME

On 22nd August, the Department of Public Health Dentistry in association with IDP and IELTS, conducted a talk on “Overseas Career Counseling”. The speakers of the program were Mr. Binoy Sarkar and Ms. Aishwarya from IDP. Around 10.00 am, the program was started with the welcome speech by Dr. Bhavana, Intern. After the welcome speech, Dr. Ramesh N, Head of the Department, Department of Public Health Dentistry gave a brief talk on the importance of overseas career counseling to the Interns and undergraduates. Mr. Binoy Sarkar, Strategic Alliance Manager at IDP, gave brief talk about overseas education and career prospects. Then Ms. Aishwarya, Senior consultant at IDP, explained about the examinations, scholarships and funding approaches to the various global universities. After the counseling session, vote of thanks was given by Dr. Vinod Kumar, Senior lecturer, Department of Public Health Dentistry. Saplings were given to the speakers as a token of appreciation.

OUTCOME

Department of Pediatric and Preventive Dentistry of the Oxford Dental College conducted a Value-added course on “**PERSONALITY DEVELOPMENT**” for Undergraduates, Postgraduates, and the members of the faculty on 28.07.2023. The proceedings of the session started off with a lecture. The lecture varied on a variety of topics. About 181 attendees attended the program. Question and answer sessions were held after the end of the program. Feedback forms were given to evaluate the success of the program as well as to grade the participants.

OUTCOME

Program Outcome: Study Abroad Initiative by Department of Public Health Dentistry

The Study Abroad Program by the Department of Public Health Dentistry aims to provide students with global exposure to advanced dental practices, public health strategies, and cross-cultural healthcare systems. Participants will gain hands-on experience in community dental care projects, innovative research methodologies, and emerging technologies in oral health. The program fosters intercultural competence, leadership, and professional growth, enabling students to address global public health challenges effectively. By collaborating with international institutions, students will build a robust network and enhance their career prospects. This transformative experience equips graduates to implement best practices and contribute meaningfully to oral health care worldwide.

Activity Report

Title: AWARENESS OF STROKE

Objectives: To help students understand the importance of hepatitis prevention and cure.

Date: 27.10.2023

Time: 10:00 am to 11:00 am

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: PowerPoint presentation

Description: The Department of Pediatric and Preventive Dentistry of the Oxford Dental College conducted a Value-added course on “**AWARENESS OF STROKE**” for Undergraduates, Postgraduates, and members of the faculty on 28.07.2023. The proceedings of the session started with a lecture. The lecture varied on a variety of topics. About 42 attendees attended the program. Question and answer sessions were held after the end of the program. Feedback forms were given to evaluate the success of the program as well as to grade the participants.

OUTCOME

Program Outcome: Awareness on Stroke

The Department of Pediatric and Preventive Dentistry organized a comprehensive awareness program on stroke, aimed at educating students across the college. The program highlighted the causes, symptoms, prevention, and emergency response for strokes, emphasizing the importance of timely intervention. Interactive sessions, expert talks, and demonstrations fostered a deeper understanding among students. Participants learned to recognize warning signs like FAST (Face drooping, Arm weakness, Speech difficulty, Time to act). The initiative empowered students with the knowledge to identify potential stroke cases early and promote preventive health measures. Feedback showed increased awareness and a commitment to sharing the knowledge in their communities.

OUTCOME

Program Outcome on Anti-Ragging by the Department of Pediatric and Preventive Dentistry

The Anti-Ragging program conducted by the Department of Pediatric and Preventive Dentistry aimed to foster a safe, inclusive, and respectful environment within the college. The initiative sensitized students to the harmful effects of ragging, emphasizing its psychological, legal, and ethical consequences. Through interactive sessions, students were informed about anti-ragging policies, helpline resources, and the importance of mutual respect and empathy. The program highlighted the commitment of the department and college to ensuring a zero-tolerance approach toward ragging, encouraging students to actively prevent and report any such incidents, thus promoting a culture of camaraderie, trust, and well-being on campus.

Title: AWARENESS ON MENTAL HEALTH

Objectives: To help students understand the importance of hepatitis prevention and cure.

Date: 06.11.2023

Time: 10:00am to 11:00am

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description: Department of Pediatric and Preventive Dentistry of the Oxford Dental College had conducted a Value-added course on “**AWARENESS ON MENTAL HEALTH**” for Undergraduates, Postgraduates, and the members of the faculty on 06.11.2023. The proceedings of the session started off with a lecture. The lecture varied on a variety of topics. About 120 attendees attended the program. Question and answer sessions were held after the end of the program. Feedback forms were given to evaluate the success of the program as well as grading the participants.

OUTCOME

The Department of Pediatric and Preventive Dentistry successfully organized a mental health awareness program aimed at fostering understanding and empathy among students. The initiative emphasized the importance of mental well-being, early recognition of issues, and strategies to manage stress and anxiety. Expert speakers highlighted the connection between mental health and academic success, encouraging open conversations and breaking stigmas. Interactive sessions and resource distribution empowered participants to seek help when needed. The program created a supportive environment, promoting resilience and mindfulness, and inspired a commitment to holistic health within the college community, ensuring long-term benefits for students' mental and emotional well-being.

OUTCOME

Program Outcome: Crime Prevention Awareness by the Department of Public Health Dentistry

The Department of Public Health Dentistry conducted a comprehensive awareness program on crime prevention for all students, emphasizing the role of public health in fostering safer communities. The initiative highlighted strategies to prevent crime through community engagement, education, and early intervention. Students were educated on recognizing and reporting suspicious activities, promoting social responsibility, and the importance of ethical behavior. The program also stressed the need for collaboration with law enforcement and community leaders. Participants demonstrated increased awareness of their roles in preventing crime and fostering a secure environment, reflecting the department's commitment to holistic public health and safety.

Title: MODERN DAY CAREER OPPORTUNITIES

Objectives: To help students understand the different modern day career opportunities available in the field of health science.

Date: 05-01-2024

Time: 9:30am to 10:30am

Location: Auditorium, The Oxford Dental College

Organized by: Department of Pediatric and Preventive Dentistry

Audience: Undergraduates, Postgraduates, and the members of the faculty

Method Adopted: Webinar through Google meet

Materials used: Power point presentation

Description: Department of Pediatric and Preventive Dentistry of the Oxford Dental College had conducted a CDE programme on “**MODERN DAY CAREER OPPORTUNITIES**” for Undergraduates, Postgraduates, and the members of the faculty on 05.01.2024. The proceedings of the session started off with a welcome note followed by introduction of the speaker and then lecture on “the different career opportunities that can be pursued in the field of health science such as pharmacovigilance , Scientific publication, Research writing etc. The speaker also spoke about GAADS which is Gain Advance Skills (A course for helping students). About 60 attendees attended the program. Question and answer sessions were held in between and at the end of the program and students were given a fair chance to interact with the speaker. It was an enlightening session held for the young minds.

Outcome

Program Outcome: Modern-Day Career Opportunities

aims to equip students with knowledge about the evolving career opportunities in the field. This program highlights roles in community dental health initiatives, public health policy-making, research, and academia. Students will explore careers in government health departments, NGOs, international health organizations like WHO, and private sectors promoting preventive dental care. The program emphasizes the importance of oral health promotion, disease prevention, and health equity. By the end, students will be prepared to pursue impactful careers that integrate dentistry with public health, addressing global challenges and improving community health outcomes.

ACTIVITY REPORT

“Tobacco cessation – Experiences, challenges and a way forward for dental institutions in India “

Title: Tobacco cessation – Experiences, challenges and a way forward for dental institutions in India

Resource Person: Dr. Vikrant Ranjan Mohanty, Prof & HOD, Dept of Public Health Dentistry, Maulana Azad Institute of Dental sciences, New Delhi

Date: 5/1/2024

Organizers: Department of Oral Pathology and Oral Microbiology

Beneficiaries: Faculty, TODC

Venue: Auditorium, The Oxford Dental College

Objective: To train the faculty on Tobacco cessation and to educate the faculty on the Experiences and challenges of the same.

Description: The Department of Oral Pathology, The Oxford Dental College organized a program on Tobacco cessation – Experiences, challenges and a way forward for dental institutions in India. Total number of 33 faculty of The Oxford Dental College participated in the program. Faculties were educated on Tobacco cessation and their experiences and challenges in dental institutions in India. The program was very informative, followed by active interaction between the guest speaker and the participants. Positive feedback was given the end of the program. The Organizing committee ie the Department of Oral Pathology and participants who participated were appreciated for all the efforts put to make the event a great success.

PROGRAM OUTCOME: At the end of the program faculty were educated on Tobacco cessation and the Experiences and challenges of the same.

outcome

A comprehensive tobacco cessation program targeting all students, focuses on raising awareness about the dangers of tobacco use and promoting a tobacco-free lifestyle. The program included interactive workshops, counselling sessions, and peer-led initiatives. It successfully educated participants on the health risks of tobacco, strategies for quitting, and available support systems. As a result, a significant number of students expressed their commitment to quitting tobacco or abstaining from its use. The initiative fostered a supportive environment within the college, encouraging healthier habits and reinforcing the role of dental professionals in advocating for public health.

Program outcome

The Department of Oral Pathology at The Oxford Dental College successfully organized a program on Soft Skills Training for managing persons with disabilities, targeting undergraduate and postgraduate students. With 146 participants, the session featured a novel educational module and included pre-requisite Google forms. The program was highly informative and interactive, receiving positive feedback from 64% of participants on interaction opportunities and 70% on lecture effectiveness. The organizing committee and students were commended for their efforts, contributing to the event's great success.

Activity Report

Title: Basic Life Support (BLS) Training Session.

Objectives: To help students understand the importance of BLS and be confident enough as healthcare professionals to provide BLS in case of medical emergencies.

Date: 12/02/2024

Time: 10:15am onwards

Location: Auditorium, The Oxford Dental College

Organized by: The Oxford Dental College

Audience: Students and faculty

Method Adopted: Lecture with Audio Visual aids

Materials used: Power point presentation

Description:

A lecture was organized on the fundamental aspects of Basic Life Support including early recognition of cardiac arrest, checking for a response, activation of the emergency medical system, providing early cardiopulmonary resuscitation, and rapid defibrillation using AED. The programme allowed students to perform CPR on mannequins. It also guided students on managing many other medical emergencies such as acute asthmatic attack, anaphylaxis, syncope, seizures etc. Question and answer sessions was held at the end of the programme. It was a very knowledgeable and enlightening session for all the attendees.

Program outcome

The Oxford Dental College held a program on stress management for healthcare students, highlighting the importance of mental well-being and coping strategies. Dr. Venkata Lakshmi Narasimha from NIMHANS, Bangalore, led the session, sharing practical methods like engaging in hobbies and meditation, with relatable examples. The highly interactive session successfully increased students' awareness of stress management techniques and underscored the significance of mental health.

PROGRAM OUTCOME

A lecture on the fundamental aspects of practice management was organized to help students understand and manage the daily challenges encountered during clinical practice. The session covered various important considerations for opening a clinical practice. An interactive Q&A session followed the lecture, providing additional insights. Overall, the session was highly informative and enlightening, greatly benefiting all attendees by enhancing their knowledge and preparedness for clinical practice.

PROGRAM OUTCOME

The Department of Pediatric & Preventive Dentistry organized a talk on "Employment & Technology in Healthcare," attended by faculty, PG students, interns, and UG students. The session offered insightful discussions on the evolving role of technology in healthcare employment. Participants gained valuable knowledge on integrating technological advancements into their careers. The interactive nature of the talk fostered a deeper understanding and engagement, enhancing the attendees' readiness to navigate the future of healthcare with technological proficiency. Overall, the program successfully informed and inspired participants, preparing them for the dynamic landscape of healthcare employment.

PROGRAM OUTCOME

The Department of Pediatric and Preventive Dentistry at the Oxford Dental College conducted a value-added course on "Personality Development" on 13.12.2023, attended by 181 participants including undergraduates, postgraduates, and faculty members. The session began with a comprehensive lecture covering various topics related to personality development. Following the lecture, an engaging Q&A session provided attendees with the opportunity to interact and clarify their doubts. Feedback forms were distributed to evaluate the program's success and assess participant performance. Overall, the course significantly enhanced participants' understanding of personality development, fostering interactive and constructive learning.

Activity Report:

Title: Start ups and innovations in healthcare

Dates: 24th March 2024

Venue: Auditorium, The Oxford Dental College

Guest Speaker: -Dr Karnav Patel

Method Adopted:- Powerpoint Presentation

No. of Participants:- 118

Organized By:- Department of Periodontology

Introduction

“Start ups and innovations in healthcare” at The Oxford Dental College, held on 24th March 2024, aimed to motivate and give insights to the students on scope of startups and entrepreneurship in health care. This report highlights how to think out of the box and venture into health care related start ups.

PROGRAM OUTCOME

The Oxford Dental College organized a program on “Startups and Innovations in Healthcare” on 24th March 2024, aimed at motivating students and providing insights into the scope of startups and entrepreneurship in healthcare. The program successfully highlighted the importance of thinking creatively and venturing into healthcare-related startups. Participants gained valuable knowledge on innovative approaches and entrepreneurial opportunities within the healthcare sector, fostering a spirit of innovation and entrepreneurial thinking among the attendees.

DESCRIPTION

The White Coat Ceremony at Oxford Dental College was a significant event that marked the transition of 3rd year BDS students into their clinical phase of dental education. The ceremony symbolized the students' commitment to professionalism, ethics, and the responsibilities of their future roles as healthcare providers. The event commenced with a traditional lamp-lighting ceremony to seek divine blessings for the students' journey ahead. Faculty members and dignitaries adorned the students with their white coats, symbolizing their entry into the world of healthcare. A pivotal moment where students pledged to uphold the ethical standards and responsibilities of their future profession. The ceremony concluded with a heartfelt vote of thanks, expressing gratitude to all attendees, faculty, and students for making the event memorable.

PROGRAM OUTCOME

The White Coat Ceremony at Oxford Dental College was a significant milestone for the 3rd year BDS students, marking their transition into the clinical phase of their dental education. The event provided an opportunity for students to hear from distinguished speakers, faculty, and guest dignitaries who shared their experiences and offered words of encouragement, inspiring students to excel in their studies and future endeavors. The ceremony acknowledged the students' hard work and dedication, celebrating their progress and achievements as they moved into the clinical phase of their education.
